PROFILE SUMMARY

Computer Science undergraduate specializing in Artificial Intelligence and Machine Learning, with hands-on experience building AI agents, RAG-based chatbots, and automation tools using Python. Skilled in working with LLM APIs, databases (MySQL), and end-to-end AI product development. Passionate about applying AI to solve real-world problems and continuously growing technical skills.

EDUCATION

K.R. Mangalam University — B.Tech CSE (AI & ML) | 2023 – 2027

SND Public School — 12th | 2022 – 2023 | Percentage: 70%

SND Public School — 10th | 2020 – 2021 | Percentage: 80%

PROJECTS

AI Document Q&A Chatbot (RAG-based Assistant)

- Engineered a Retrieval-Augmented Generation (RAG) chatbot that lets users upload any PDF or document and query its contents conversationally.
- Architected the retrieval pipeline — document parsing, text chunking, and vector embeddings — integrated with an LLM API so answers are based on the document's actual content, not guesswork.

AI-Powered ATS Resume Builder

- Built a conversational AI agent that gathers a user's experience, education, and certifications through guided dialogue and auto-generates a structured resume.
- Implemented role-specific tailoring logic — dynamically adjusting keywords and bullet phrasing for target roles like AI Engineer, ML Engineer, Data Analyst, and Software Developer — to maximize ATS compatibility.

Gemini AI Chatbot

- Developed and deployed a live AI chatbot using LangChain orchestration with the Gemini 2.5 Flash API, hosted on Streamlit Cloud.
- Built a PDF export module converting chatbot conversation history into clean, downloadable, formatted documents.

SKILLS

Programming Languages: Python, Java, SQL

Libraries/Frameworks: NumPy, Pandas, TensorFlow, Streamlit, LangChain

Tools: n8n, Git, GitHub

Web: HTML, CSS, JavaScript

APIs: Twilio API, REST APIs, LLM APIs

Other Skills: Event planning, leadership, public speaking, problem solving

CERTIFICATIONS

- Big Data Engineer, IBM Career Education Program — Oct 2025
- Data Analysis with Python, IBM Cognitive Class — Nov 2023
- Google Analytics Certification, Google — Aug 2024 – Aug 2025 (Credential ID: 114017509)
- Oracle Certified Foundations Associate (AI Foundations), Oracle University — Aug 2025 (Valid till Aug 2027)
